

## February 18—24

- Pray for the mental health of all our youth. We have multiple youth who have struggle with depression and suicidal thoughts/attempts. Please continue to pray over their minds that they would be filled with God's peace and the lies of the enemy would be thwarted and put to death by the truth of God's promises in His Word.
- God will provide a smooth transition for our new associate pastor
- God will continue to strengthen our staff, lightening their load, providing efficiency, and blessing them in their faith walk.
- God will give our church council clear vision and continued spiritual quietness so they can clearly hear God's quiet whisper of direction.
- Pray God will guide more people into a relationship with Christ who we can nurture in their faith at Resurrection
- Stop into church on a Wednesday night, walk through the church praying silently for the students to absorb what they are learning and respond to God's love.
- Pray for strength and good health for our pastors and their families.
- Clarity in the development of a new Adult Spiritual Growth study that inspires us to seek after God
- Pray 5 couples/individuals would be committed to attending Via De Christo in the spring.
- Pray for the Lord's clear vision and guidance for our leadership in the coming year.
- Prayers for a successful outreach party on May 5th - let us reach those in our community who may be searching for more. That RLC people spread their wings and invite. That pastor's message reaches those that need to hear it. That the good is good and fun is had by all.
- God will bless the Summer Ministries Gala to not only meet their goal but exceed it.
- Pray for new faces to come through personal invites from the youth currently attending. We want the high school program to be one that builds disciples who are bold in sharing their faith and inviting others into this experience.
- Prayers for Resurrection members feel God's calling to step up into roles and leadership within each ministry that fits their gifting.
- Pray God will provide the funds for whatever he leads us to do.
- On a Sunday morning, pray for the congregation during the service to hear God's voice as he speaks to their hearts through the songs, message, and communion.
- Prayers for direction and movement in Outreach to guide us in the path God has planned.
- Pray what comes to your heart for Pastor Jedidiah as a person and a pastor and his family.
- During the sermon, pray for the ears and eyes of the congregation to hear what God is speaking to them personally.
- Pray for the FPU program to be successful and one person or couple would be willing to create a testimony video to God's glory.
- Pray for the new 'You'll Get Through This' sermon series that many will be invited by our members and there would be good participation in our small groups.
